Socio-Economic Factors:	Woman Owned Business
Work Area:	Nationwide

Cage Code: 7GUN2 | Duns #: 080025030

Capability Statement

www.stablematrix.com

StableMATRIX sells groundbreaking active carbon technology for environmental remediation of soil and water contaminated conditions. Certified as USDA Biopreferred, StableMATRIX products are highly energized and oxygenated carbon molecules that stimulate microbiological metabolism of mineral nutrients and heavy metal compounds in soil and water. StableMATRIX provides product sales, consulting, and product evaluation for active carbon products for agriculture, government, and industrial waste management remediation.

CORE COMPETENCIES

- **Soil & Water Remediation**
- **Design & Evaluation of Active Carbon Products**
 - Vitalife Liquid Plant Amendment: Enhances plant production of carbon energy and translocation to root systems, stimulates root hair growth, and nutrient use.
 - Redi-Rain Liquid Soil & Water Conditioner: Increases soil structure, carbon energy, and oxygen to stimulate soil function, water retention, nutrient cycling, and microbial activity.
 - Scycle Liquid Wastewater Conditioner: provides highly active carbon and microbial package that stimulate aerobic digestion of organic sludge, nutrient minerals and heavy metal compounds.
 - Onset Liquid Seed Coating: Enhances seed vitality, root growth, nutrient cycling, and plant survival in rangeland restoration, grass, vegetables, and fruit production.

PAST PERFORMANCES

US Forest Service

Payette National Forest | McCall, Idaho

- Sold and serviced active carbon products for streambank stabilization planting

Bettencourt Dairies

Wendell, Idaho

- Sold and serviced active carbon products for wastewater remediation

Williamson Fruit Farm

Marsing, Idaho

- Sold and serviced active carbon products to enhance grape seedling survival and growth

ADVANTAGES

Sell one-of-a-kind proprietary active carbon technology
Certified USDA Biopreferred products
BBB Accredited

Product Advantages:

- Enhance environmental restoration success
- Detoxify and restore soil health and function
- Reduce nutrient and heavy metal pollutants in wastewater
- Improve carbon footprint
- Reduce hypoxia in water
- Improve fertilizer efficiency and plant production

NAICS & PSC CODES

- 115112** Soil Preparation, Planting, And Cultivating
- 221310** Water Supply & Irrigation Systems
- 221320** Sewage Treatment Facilities
- 325998** Activated Carbon or Charcoal Manufacturing
- 541620** Environmental Consulting Services
- 541690** Other Scientific & Technical Consulting Services
- 541712** Research & Development in the Physical, Engineering & Life Sciences (Except Biotechnology)
- 562211** Hazardous Waste Treatment & Disposal
- 562910** Environmental Remediation Services
- 562910** Remediation Services
 - 1250** Fire Control Stabilizing Mechanisms
 - B510** Special Studies / Analysis - Environmental
 - F018** Natural Resources / Conservation - Other Forest / Range Improvements (Non-Construction)
 - F019** Natural Resources / Conservation - Wildlife MGMT
 - F021** Natural Resources / Conservation - Site Preparation
 - F108** Environmental Systems Protection - Remediation
 - F999** Other Environmental Services
 - R408** Support Professional - Program Management/Support
 - R425** Support Professional - Engineering/Technical
 - R499** Support Professional - Other
 - R799** Support Management - Other
